

## Clark County- Old Pepsi Building Reroof

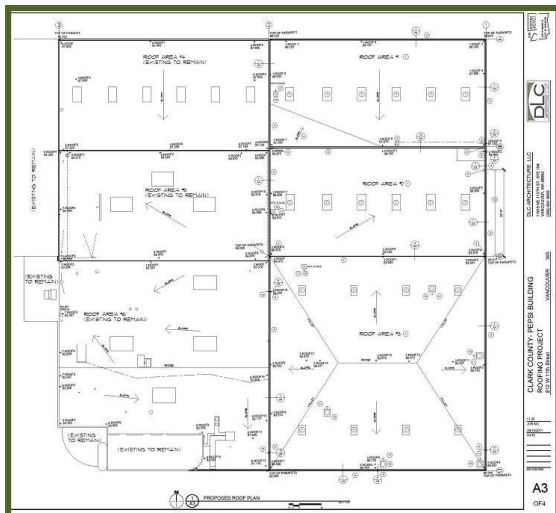

Architect/Role: David Commeree, Partner-in-Charge  
Client: Clark County, Darrel Stump, Facilities Director  
Address: P.O. Box 5000 Vancouver, WA 98666  
Project Type: Governmental Facility Improvements/ Permitting  
Construction Cost: \$250,000 est.  
Project Area: Approximately 50,000 sf  
General Contractor: Weatherguard, Inc.

### Project Description

The County requested design, permitting and construction administration related services to assist them to reroof their existing warehouse facility.

There were no existing construction documents and no accurate record drawings available. Services were provided to field verify existing condition and document roof plan conditions as well as prepare permit and bid documents. The County required the project to be constructed in multiple phases and this was accommodated in the construction and permit documents.

After bidding and a contractor was selected, services were also provided during construction.
